TYPES OF MOTIFS

Bas Reliefs (Set Sizes)

A bas relief are a two and a half dimensional moulding designed and carved by artists. The back is essentially flat, and the front is rounded. These bas reliefs are casted into the plaques. We have wide range of designs available and if what you are after is not pictured below, please contact our office for something more custom.

Sizing: Bas Reliefs are created in moulds and come in set sizes only.

Some complex bas reliefs are not able to be produced in smaller sizes, please refer to the size guide shown against each bas relief for their available sizes.

Standard Bas Reliefs (Everlon Range)
Are avalaible in the following sizes:

S 50 mm M 75 mm L 125 mm

Preset Bas Reliefs (Matching Range)
Are available in set sizes only as stated alongside each bas relief.

Flat Reliefs (Scalable)

A flat motif are a simple casted raised design on the plaque. Personalise any plaque with the use of motifs ranging from religious symbols to animals and hobbies. Motifs are required to be 35mm or larger (width or height) to ensure the detail to be visible. If what you are after is not pictured, please contact our office for something more custom.

Sizing: Flat Reliefs are able to be scaled to any size required.

The designer will add motifs to the plaque at the smallest castable size, the motif can then be scaled up to any required size. Please refer to the size indicator shown against each flat relief for their recommended smallest width.

XS 15mm S 30 mm M 40 mm L 50 mm XL 75 mm
