

Colours

Adding colour to a plaque allows a touch of personality and uniqueness to be included on a plaque. Colour can be added to the plaque itself or on a motif. Dark brown or light brown can be used on a plaque to create a traditional appearance.

Additional Colours \$ 45 EXTRA

A selection of colours can be chosen to personalise the appearance of your plaque and motif. Choose from our selection of 15 colours or provide a Pantone colour code for a custom colour to be painted.

Standard Colours

Included in the cost of the plaque is the choice of two different browns. These colours provide a traditional appearance to a plaque.
